

J&J Service and Parts News

June 1995

ATTENTION

PRODUCT UPDATE:

Under certain conditions, the throttle arm may hang-up on the underside of J&J's custom 3.5 gallon, 8.0 HP plastic fuel tanks.

Brackets should be installed before any further operation of go kart.

Part# 10888
Bracket, Fuel Tank
8.0hp (Support Retro)

To obtain this bracket please contact Service & Warranty manager, Dan Hansen, and ask for the 8.0hp Support Bracket.

If you have any questions please give us a call at (800) 854-3140 or (503) 363-7533.

2315 Pringle Road SE
Salem, Oregon 97302
